Custom Designed Healing

Hot - Cold Therapy Treatment and Organic-Ergonomics

THERMAHEAL™ products are custom-designed, multi-use hot or cold wraps and compresses for the safe and effective treatment of many injuries and conditions. They come with educational and therapeutic guidelines on how to best use hot-cold therapy to stimulate or decrease blood flow, speed recovery and maximize your body's healing potential.

- Microwave safe, flexible when frozen and washable (see care guidelines)
- Minimal preparation required; reusable, economical, portable
- A natural therapeutic alternative to electric heating pads or chemical gel packs
- Unscented and scented products available
- Contoured to fit and adjust to multiple body areas for focused application of heat or cold

Each custom design is hand-crafted using high quality natural fibers and fill that is triple cleaned, conditioned and sterilized within the highest food-grade quality standards. We work with you on color and design preferences.

Shoulder, Neck and Back

Our most popular and versatile wrap is uniquely styled and contoured to cover either shoulder, cervical, thoracic, lumbar or abdominal regions.

Comfortable weight and fit covers hot-cold therapy in key pain areas.

Collar/Shoulder Wrap

Neatly curves around the cervical collar and shoulder area to provide soothing comfort that is as attractive as it is functional.

Also used by dental surgeons to assist with patient relaxation.

Sinus/Migraine, Face and Neck

Elegantly styled and compact, this is a perfect fit for hot or cold therapy relief applied to the face, neck, shoulder or other injured 'odd' spot. Makes a thoughtful and caring gift, that's customized with their healing in mind.

Comes with Misting and Castor Oil Inserts.

Rose, mint, lavender and orange blossom (neroli) misting waters available.

Hand Glove/Mitt (various lengths)

Perfectly contoured to fit the hand, wrist and/or forearm region "like a glove". This self-care item was designed to help massage therapists, musicians and dental hygienists prevent or treat repetitive strain injury to their hands from their professional work. Sufferers of arthritis also appreciate the penetrating warmth that is next only to paraffin wax. Thumb extension is optional.

Double Hand Muff With Cuffs

Double the size, for double the coverage. Heavier-weight fits both hands at once or entire forearm.

Also can be used as a paraffin-free hand wrap, with sunflower or mineral oil and plastic stretch wrap (included).

The Zen Wave

Zen Wave wrap gently ripples and flows with soothing warmth or calming coolness. Braided loop handles let you easily adjust to cover your spine, lower and upper back. Works well over knees, hips, legs and shoulders.

Warm and Cosy Toes and Feet

Tuck your toes in and say “good nite”. This custom designed foot wrap heats your feet and helps you drop off to a relaxing sleep without the worry of electrical cords. Fits foot sizes 6 – 9 as a dual-slipper format. Reverse and turn over to fit larger foot sizes.

Tummy Bubble

Plump little pillows. Funky, fun colors. Help ease and soothe tummy troubles or injuries.

Microwaveable and freezable. Use hot or cold. Great for “tossing around” when you’re “feeling better.”

Pick your favourite (one –sided or two-sided) colors: black, green, red, navy, burgundy, khaki, purple, brown, blue, etc.

Organic Ergonomics for Injury Prevention

Organic elements are used to provide ergonomic support by lightly cushioning vulnerable hand-wrist areas against the mechanical stresses of computer work. Maintains neutral wrist support.

Also adds more “yin” – earth element – to office work “yang” environments to balance your personal work environment harmony. Each product comes with ergonomic guidelines.

Organic ergonomics are made in microfibre suede and taffeta silk – cranberry, marine blue and khaki colors.

Cranberry 10

Marine Blue 11

Khaki 12

The “Mouse Dropping”™

Provides ergonomic support for your hand and computer mouse use. Creates a bridge between your hand’s palm area and the computer mouse to stabilize and prevent horizontal and vertical deviations of the wrist, while gliding behind your mouse. Ergonomically improved over stationary gel pads and limiting mouse pad attachments.

Not microwavable.

“The Worm” Palm Pillow™

Provides ergonomic cushioning and thermal support for your hands and keyboard use. Palms lightly rest to prevent nerve impingement in the wrist area. This organic ergonomic support can be heated in the microwave to warm hands or neck before keyboarding. Great for your “tech guy or gal”.

Include the Mouse Dropping support for a matching organic-ergonomic set.

Laptop Palm Pad

Fits over hard laptop surfaces to lightly cushion vulnerable hand-wrist areas against the mechanical stresses of computer work. Provides a non-skid surface under a laptop and a neutral tilt to improve the hand to keyboard angle.

Microwaveable for warming hands or neck areas.

RMT Professional and Client Care Wraps

These wraps are constructed with technical functionality, as well as aesthetic beauty, in mind for the physical therapies practitioner.

Organic elements add an extra element of caring and comfort to the healing process, in addition to providing therapeutic moist heat and compression benefits. They do not require extra special equipment, electrical cords, or maintenance. Care and cleaning is mess-free and simple.

RMT special wraps are designed in four blended cotton colors with a lightly embossed rococo background in navy blue, cranberry red, seagrass green and chocolate brown colors.

RMT Special for Clinic Multi-Use

Large, flexible and versatile (20 X 11 inch). Mimics the therapeutic moist heat and compression benefits of Hydrocollator's™ clay based packs, at 85% less the cost, without the extra equipment and no electrical cords. Comes with a **moist heat sprayer** and **hot-cold therapy guidelines client-education poster**.

* The duo combination style can be split into two lengths to be used individually, or together, to cover a larger surface area.

RMT Client Care Foot Wraps

Clients with cold feet will appreciate having toasty toes and feet during their session with you. Perfect for beginning in prone position.

Removable, washable, soft cotton inserts are included to maintain hygiene.

RMT Client Care Hand Muff

Add another layer of warmth and comfort for clients' hands. This cuff-less hand muff wrap rests on massage table hand-rests, to easily allow clients to slide their hands into a cosy sensory experience.

Removable, washable, soft cotton inserts are included to maintain hygiene.
